Dr. Riley D. Housewright  
Scientific Director  
U. S. Army  
Biological Laboratory  
Ft. Dietrick  
Frederick, Maryland

Dear Dr. Housewright:

Your presentation here yesterday on BW technology was extremely well done and quite helpful to all of our officers. As you know, the organization is partitioned into several different lines of endeavor, and I am sure that your information will be put to use in diverse ways. Please accept our appreciation for coming to CIA for this discussion.

Sincerely,

25X1A

Albert D. Wheelon  
Deputy Director
